"How to become a good mentor for young people (18+) working as nurses, social workers and teachers"

Curricula of the blended-learning mentorship and career guidance training course

> MENTOR ONLINE No. 2017-3-RO01-KA205-047183

Contributions from the partners:

Klára Cozlová Helena Skalova Robertas Kavolius Auksė Puškorienė Ioana Cantemir Doru Cantemir PhD Irina -Elena Macovei Liliana Lacramioara Pintilie PhD Silvia Popovici Denitza Toptciyska Simeon Toptchiyski Jerneja Šibilja PhD Ana Arzenšek

The purpose of the course – to help to understand how to become a good mentor for young people (18+) working as nurses, social workers, and teachers.

Partners:

- 1. Asociatia Everest, Romania
- 2. STEP Institut, Slovenija
- 3. Gender studies, o.p.s, Czech Republic
- 4. Balkanplan, Bulgaria
- 5. SC Ludor Engineering SRL, Romania
- 6. KAI, Lithuania

The course consists of 6 modules:

Module	Title	Partner responsible
Module 1	Introduction to mentorship and career guidance	KAI, Lithuania
Module 2	Mentorship area. Benefits and positive effects of mentorship and career guidance	Balkanplan, Bulgaria
Module 3	The components of mentoring process	SC Ludor Engineering SRL, Romania
Module 4	Competencies and qualities of a mentor	Asociatia Everest, Romania
Module 5	Critical thinking, adaptation to the regular changes in professional area in mentoring process	STEP Institut, Slovenija
Module 6	Empathy and non-discrimination of learners in mentoring process	Gender studies, o.p.s, Czech Republic

The curricula for the blended-learning training course on mentorship and career guidance is elaborated with two types of modules: for the online training and for face to face course with the participants.

The curricula are based on requirements at academic level and specify the training objectives, the methodology, the time and the resources needed. Methodology includes formal, informal and non formal methods of learning.

The duration of the online training is 5 hours and of face to face training is 30 hours.

Modules	Face to face hours	Online study hours	Total
Introduction to mentorship and career guidance	5 hrs	50 min.	5 hrs 50 min.

Mentorship area. Benefits and positive effects of mentorship and career guidance	5 hrs	50 min.	5 hrs 50 min.
The components of mentoring process	5 hrs	50 min.	5 hrs 50 min.
Competencies and qualities of a mentor	5 hrs	50 min.	5 hrs 50 min.
Critical thinking, adaptation to the regular changes in professional area in mentoring process	5 hrs	50 min.	5 hrs 50 min.
Empathy and non-discrimination of learners in mentoring process	5 hrs	50 min.	5 hrs 50 min.
Total:	30 hrs	5 hrs	35 hrs

Training program:

Module 1 Introduction to mentorship and career guidance.

Structure of the	Online training	50 minutes/ module		
training	Face to face	5 hours/ module		
Annotation	peculiarities. There is also educational leadership. Afte	troduce the characteristics of me information on the difference er the training, individuals we ess of mentorship and to evaluate	s between mentorship and vill be able to define the	
General goal(s)	To provide the necessary knowledge and skills for the characteristics of mentorship and to understand the peculiarities of career guidance, analyze and evaluate them critically. Also, to develop the ability to practice the main aspects of mentor's career planning and implementation.			
Objectives	To reveal the concept of mentorship. To indicate the differences between mentorship and educational leadership. To analyze the characteristics and effectiveness of mentorship. To present career planning and implementation. To explain the peculiarities of the assessment of mentor career changes.			
Methods	Formal methods: E-slides, Lecture, Self-assessment tests. Informal methods: Practical tasks, Discussions in groups. Non-formal methods: Role playing games, Capacity-building practical tasks, Modeling situations, Self-reflexion.			
Resources Order of activities		nternet sources Projector, Paper,	Writing Board, Markers. (Online training) 50 min.	
	 1 subject. The concept of mentorship and career guidance. 2 subject. Differences in mentorship and educational leadership. 3 subject. The characteristics and effectiveness of mentorship. 4 subject. Career planning and implementation. 5 subject. The assessment of mentor career changes. (Online training) 50 min. (Face to face) 1 hr (Face to face) 2 hrs (Face to face) 1 hr 			
Learning outcomes	 Knowledge - at the end of the unit the learner will be able to: Present the concept of mentorship. Define the key aspects of career guidance. Skills - at the end of the unit the learner will be able to: Recognize differences in mentorship and educational leadership. Compare socio-educational aspects of mentorship and educational leadership. Discuss the issues of mentorship characteristics and effectiveness. Be able to anticipate the consequences of mentorship effectiveness. Competencies - at the end of the unit the learner will be able to: Be able to carry out career planning and implementation. Evaluate the changes in career as a mentor. 			
Achievement	On-going evaluation during the practical tasks.			
assessment methods	Self-reflection. Self-assessment questionnaire.

Module 3 The components of mentoring process

Structure of the	Onents of mentoring process Online training 5	0 minutes/ module		
training		hours/ module		
Annotation	The module concentrates on revealing the components of mentoring process, starting with the			
	characteristics of mentoring relationship, the way it can be built in a trusting manner and the			
	possible factors of influence. It also presents the key elements of running the mentoring			
	process during the meetings, supporting the progress, and assessing it. The module emphasizes			
	the role of learning styles in this process. In addition, it aims to develop skills of offering and			
	receiving feedback and using certain models and strategies of mentoring and coaching.			
General goal(s)	To help the participants understand t	the way they can build a	trusting relationship with their	
	mentees, to achieve models and strategies of mentoring, coaching and career guidance and to			
	apply them during the mentoring me	etings, as well as to ind	icate how to structure them and	
	support the progress of mentees. To			
	point out the importance of learning s

Module 4 Competencies and qualities of a mentor

Structure of the	Online training	50 minutes/ module				
training	Face to face	5 hours/ module				
Annotation	The module draws the profile of a good mentor in terms of key competencies and qualities					
	for this role and it offer the context to develop them. After the training, the individuals will					
	be able to define their roles and responsibilities as mentors, and skills, knowledge, attitudes					
	and behaviours required, to self-assess their level of competence, to find ways to improve					
	them and to act according to these characteristics.					
General goal(s)	To identify and illustrate the characteristics of a good mentor, to guide and supervise					
0 ()	participants develop mentorship key skills and competences. To point out the importance					
		r start and provide basic entrep				
	and competences for a successful career.					
Objectives	To analyse the main roles and	l responsibilities of a good men	tor and the key competencies			
5	related to them.	1 0	5 1			
	To identify the knowledge re-	quired for a good mentor.				
		good mentor as attitudes and b	ehaviours.			
		rtant communication and interp				
		leadership styles and values in				
		g basic entrepreneurship skills f				
Methods		lf-assessment test, PowerPoint				
	Informal methods: Practical t		L			
		presentations, Self-reflection, R	Role play, Brainstorming,			
	Capacity-building practical ta		1 27 87			
Resources			heets, multimedia, white board			
	or flipchart, projector					
Order of activities	1.Key competencies related to	o main roles and	(Online training)			
	responsibilities of a mentor					
	2. Knowledge of a good men	tor	(Online training)			
	3. Attitudes and behaviours of a mentor (Online training)					
	Communication and interpersonal skills (Face to face) 2 hrs 30 min					
	5. Leadership styles and valu					
	6. Basic entrepreneurship ski	lls for career start	(Face to face) 1hr 30 min.			
Learning outcomes	Knowledge - at the end of the	e unit the learner will be able t	to:			
	To list and describe the key c	ompetencies of a mentor				
	To identify the correct attitud	es and behaviors of a mentor				
	To understand the basic entre	preneurship skills for career sta	art			
	Skills - at the end of the unit					
		environment and propose specif				
		lishing and following career go	pals			
	To be able to evaluate mentee					
		the unit the learner will be ab				
		ional guidance, advice and dire				
	To ensure efficient communication, leadership and monitoring during the mentoring					
	process					
Achievement	On-going evaluation exercise	2S.				
assessment methods	E-questionnaire.					
	Self evaluation.					
	Evaluation questionnaire.

Module 5 Critical thinking, adaptation to the regular changes in professional area in men	toring
DIOCESS	

Structure of the	Online training	50 minutes/ module		
training	Face to face	5 hours/ module		
Annotation	This module is intended to introduce the characteristics of critical thinking in the mentoring			
	process (of the mentor and of the mentee). It will mainly provide ideas and methods for			
		al thinking. Moreover, it will add		
	professional area (at work, in the mentoring process, in the process of starting or developing			
	career etc.) and how to manage changes. After the training, individuals will be able to			
	encourage their own critical thinking and to better understand and manage changes.			
General goal(s)		wledge about critical thinking an		
8 ()		awareness when and how to use i		
	it and how to develop skills necessary to become a critical thinker. To encourage the use of			
	critical thinking in the process of mentoring and for assessment of the relationship between			
	mentor and mentee.	C	*	
	To gain knowledge about cha	nge management and develop skil	lls for a successful adaptation	
	to changes, especially in the	field of career and professional d	levelopment. To develop the	
	ability (of mentor and mentee)) to practice critical thinking and ϵ	effective change management	
	regularly, especially in the pr	ocess of mentoring, career guida	nce and career development.	
	To become aware of defence	mechanisms in the change proces	55.	
Objectives	To gain knowledge about the	1 0		
		encourage and develop the skill		
		process of mentoring and career	guidance.	
	To learn about change manag			
	To understand changes and b			
		mechanisms in the change proces		
		tive change management (also in		
	To teach mentors how to encourage the mentored to become critical thinkers and persons			
N(-4)	who can adapt to regular changes well.			
Methods	Formal methods: lecture, PPT presentation, online learning, self-assessment tests.			
	Informal methods: Workshop approach, working in pairs and groups, discussions			
	Non-formal methods: role playing games, video material, practical tasks and games, self-reflection.			
Resources		pjector, paper (a4 and flipchart), f	linchart and or/writing board	
Resources	markers, post-it papers.	jector, paper (a+ and inpenart), in	inpenare and of/ writing board,	
Order of activities		nking and change management	(Online training) 50 min	
order of activities	2 subject. The concept of crit		(Face to face) 1 hr	
	3 subject. Developing skills of		(Face to face) 1 hr 30 min.	
	4 subject. The concept of cha		(Face to face) 1 hrs	
		to effectively manage and adapt	(Face to face) 1 hr 30 min.	
	to changes.			
Learning outcomes		e unit the learner will be able to:		
U	Understand and present the co			
	Understand and present the co	oncept of change management.		
	Skills - at the end of the unit the learner will be able to:			
	Reflect upon his/her thinking	style.		
	Encourage critical thinking.			
		nt aspects of professional life.		
	Adapt to changes and manage them successfully.			
	Think critically about the mentoring or career guidance process.			
	Competencies - at the end of the unit the learner will be able to:			
	Teach the mentees how to encourage and develop critical thinking (in professional life and			
	in the process of mentoring of	r career guidance).		

	Teach the mentored how to manage and adapt to changes.		
	Evaluate the process of mentoring and career guidance with the use of critical thinking		
	techniques.		
Achievement	Self assessment before and after training.		
assessment methods	Oral evaluation: participants give examples how they can use the skills of critical thinking		
	and change management in practice – for themselves and in the mentoring or career		
	guidance process.		
	Evaluation questionnaire.

Module 6 Empathy and non-discrimination of learners in mentoring process

Structure of the	Online training	50 minutes/ module		
training	Face to face	5 hours/ module		
Annotation	The module is focused on the elaborating of the sensitiveness to the various topic of			
	disadvantage which could occur during the mentoring process. It includes the question			
	gender, age, sexual orientation, handicap, religion etc. Therefore module focuses on the			
	question of power in the process of mentoring, power in the helping profession and un-			
	equalities in the relationship during the mentoring process. The focus will be paid on the			
	topic of communication, as well as the topic of stereotypes and biases prevailed in the			
	society as well as in the individuals themselves.			
General goal(s)	Main goal of the module is to support the empathy approach in the mentoring. Also to			
0 9 (-)	elaborate the sensitivity to the different forms of the disadvantage. General goal of the			
	module is to rise the awareness about internal stereotypes of the mentor and biases which			
	could interfere into the process of mentoring.			
Objectives	To get aware about different forms of disadvantage.			
Objectives	To distinguish potentially discriminatory practices.			
	To understand cross-sectional operation of gender biases.			
	To be get sensitized to pitfalls of the power-relationships.			
	To create the non-discriminatory environment during the mentoring process.			
	To create the environment which empowers the target groups and which cross the			
	stereotypes and biases in the society as well as in the individuals themselves.			
	To understand different forms of participative approaches and techniques of			
Methods	communication inspired for example by Rogerians therapy and systemic approach. Formal methods: E-slides, Lecture, Self-assessment tests.			
	Informal methods: Practical tasks, Discussions in groups. Non-formal methods: Role playing games, Capacity-building practical tasks, Modelling situations, Self-reflexion. Socio mapping and maps of gender inter-relationships			
Resources	Computer (Wi-Fi network), Internet sources Projector, Paper, Writing Board, Markers.
